

The Seven Deadly Sins of PEDDS

What NOT to do
(really!)

Project Promiscuity

or

How to reek havoc on your plan set!

- File clean up
- Move or rename files
- Files open by other programs
- Last in the process

Documentation Dilemmas

- Keep the paper documentation
- Use a document management system

Project Creation Crimes

- Use the Create Project Program
- Use the Interface in PEDDS
- Mismatched Project Info

Signature Shenanigans

- Create new through interface
- Malformed signature file name
- Mutually exclusive signatures
- Empty (hollow) signature files

_meta_info Monkey Shines

- Scanned images in the _meta_info
- Never copy from another project
- Edit the XML

Project Information Infamy

- Information used many places
- Inability to find a project
- Recommend complete at NTP
